(d) : The present Right of Children to Free and Compulsory Education (RTE) Act, 2009 has laid down the duties of the appropriate Government and the local authority to ensure that good quality elementary education conforming to norms and standards is provided, that curriculum and courses of study are prescribed in a timely manner, and that teachers are trained. It also provides for putting in place a continuous and comprehensive evaluation of the child's understanding of knowledge and his or her ability to apply the same. To further strengthen the emphasis on quality education, the learning outcomes for students at elementary level are being finalized.
